FINANCIAL SECRETARIAT

Notification dated 19th July 1954.

OFFICIAL MEMORANDUM.

Sub.—Surrender of Savings in the Budget grants of each year.

No. Fl (B). 5328-428—Bud. 15-54-1. It has come to the notice of Government that surrender of savings in Budget grants in each year is not reported well in time for taking necessary action in utilising savings for additional demands elsewhere with the concurrence of the Legislature where necessary.

2. The general rule regarding surrenders is that all grants, except those which are specifically exempted from the rule of lapse, expire at the close of the financial year *i.e.*, 31st March, and no portion unexpended during the year may be reserved or appropriated by transfer to deposits or any other head, or drawn out and kept in the cash chest to obviate the lapsing of the grant and for expenditure after the end of the year for which the grant was made. Nor should there be undue rush of expenditure towards the close of the year. The grants which are not likely to be utilised before the expiry of the year should be formally surrendered and placed at the disposal of Government well in time so that the amount may be made use of elsewhere. It is not permissible to reserve such funds to meet possible new demands which may arise in the course of the year. FIRST OF MARCH of each year will be the latest date on which all surrenders of savings in the Budget grants should be reported to Government.

3. Heads of Departments are requested to pay personal attention to the matter and adhere to the above date, *viz.*, FIRST MARCH and report all surrenders to Government *in the Finance Department* furnishing full particulars regarding the heads (Major, Minor, detailed, etc.) in respect of which the surrenders are reported. No notice will be taken of surrenders reported after the due date and and Heads of Departments will be held responsible for non-surrender of grants in time. It will be the responsibility of the Departments to see that surrenders are made after a careful review of the progress of expenditure and providing for anticipated expenditure for the remaining part of the year and care should be taken to avoid excess surrenders.
